

"ISSUES AND ANSWERS"

SHARPE

With **JAMES**

Candidate for South Ward Councilman

INCREASING TAXES

We must curtail **EXCESSIVE** and **WASTEFUL SPENDING** on the part of the city government. We must get a day's work for a day's pay. The city should pay **ONLY** for what it buys in goods and services.

Overcrowded Classrooms

We must locate **IMMEDIATE FACILITIES** for our children **NOW**. At the same time we must start a **BUILDING PROGRAM** which will realistically meet the needs of our community. Improved classroom instructions are a must.

More Police Protection

We need **MORE FOOT PATROLMEN** equipped with electronic equipment in order to coordinate and render more effective police service. Also there is a need for a **MORE REPRESENTATIVE POLICE FORCE**. Improved **STREET LIGHTING** could also help in the fight against crime.

DRUG ABUSE

We must first properly **EDUCATE** our children in the **DANGERS OF DRUGS**. Then we must maintain strict **VIGILANCE** against drug **IMPORTING AND PUSHING**. Finally, we must approach the problem with appropriate private and public **REHABILITATION FACILITIES**. Top priority

WARD BEAUTIFICATION

We must declare war against **ABANDONED CARS** and **HOUSES, DIRTY STREETS, POTHOLES, DEBRIS STREWN VACANT LOTS**, and other eye sores which detract from the beauty of our community. As your elected official, I will not rest until the city corrects these conditions, and provide South Ward citizens with on going **FIRST CLASS SERVICE** for our tax dollars. We need to build low middle income housing units as opposed to vacant lots.

YOUTH AND LEISURE

We must dedicate ourselves to improving the quality of life and job opportunities for our youth. We must face up to the challenge of providing for worthy use of **LEISURE TIME**. Most important, the young must have a voice in the **DECISION MAKING PROCESS**.

RACIAL DIGNITY

We must respect the **RIGHTS AND PROPERTY** of others. We must unite as people to restore the **SOUTH WARD** to its rightful position of city leadership and political maturity. The **SOUTH WARD LITTLE CITY HALL** with the formation of a **SOUTH WARD ADVISORY COUNCIL** will serve as the vehicle in achieving these goals.
